Government of Madras.

Revenue Department.

Memorandum No. 2247 E/41-2, dated 12th September 1941.

Trees - 'Dhupa' trees - (South Kanara) - Extraction from Kumaki lands - Privileges of Kumakidars.

The Government observe that according to the present practice in the South Kanara District Kumakidars are allowed to sell jungle wood trees on Kumaki lands to merchants as firewood, seigniorage fees being paid thereon at the Tannahs to the Tannahdars.

2. From the Re-settlement Scheme Report of the South Kanara District (G.O. No. 1416, Revenue, dated 19th July 1934) and note 5 to Board's Standing Order 15(40) it appears that the Kumakidar is entitled to cut, convert, collect and remove trees, timber and other forest produce for his own agricultural or domestic purposes. This does not include the power to sell. General rule 7-A framed under section 26 of the Madras Forest Act, however provides for the Kumaki privilage of cutting, converting, collecting and removing trees, timber and other forest produce subject inter alia to the condition that trees, etc., should be used for agricultural or domestic purposes in the villages in which the Kumaki land is situated or in such other villages as the Collector may permit. This rule does not restrict the use of the timber for the Kumakidar's own purposes and it is not clear whether it permits the Kumakidar to sell to merchants, what he does not require himself.

3. The Collector is requested to state whether there is any other basis for the existing practice of sale to merchants and if not, whether he recommends its continuance. The Collector is requested to submit his reply through the Board of Revenue.

A.R.C. Westlake,
Secretary to Government.

To
The Collector of South Kanara.
Copy to the Board of Revenue.

Copy of letter from the Board of Revenue, Ref. B. No. 3978/41-1, Confidential, dated 24th October 1941.

Trees - 'Dhupa' trees - (South Kanara) - Extraction from Kumaki lands - Privileges of Kumakidars - Report - Submitted.

Memorandum from Government, Revenue Department, No. 2247-E/41-2, dated the 12th September 1941.
Letter from the Collector of South Kanara, R.O.C. No. 6490-41-B1, dated 27th September 1941.

--

Reference:--

Submitted to the Government.

2. With reference to paragraph 5 of the Collector's letter read above, the Board submits that it did not consider the anomaly referred to by him when it issued orders in B.P. Mis. No. 2334, dated 13th July 1936. This question was not specifically raised at that time.

3. The Board considers it undesirable to cancel the privileges

-particularly-

particularly under war conditions and thus create avoidable resentment. It therefore supports the Collector's recommendation for the continuance of the existing practice.

Copy of letter from the Collector of South Kanara, R.O.C. No. 6490-41-B1, dated 27th September 1941.

Trees - (South Kanara District) - Extraction from kumaki lands for sale to the public - Privileges of kumakidars.

Government Memorandum No. 2247-E/41-2, dated 12th September 1941.

With reference to the last sentence of paragraph 2 of the Government Memorandum I beg to submit that general rule 7-A framed under Section 26 of the Madras Forest Act does not allow the kumakidar to sell to merchants what he does not require himself.

2. In this connection I invite attention to B.P. Mis. 2334, dated 13th July 1936 issued with reference to this office R.O.C. 6074-34-B1, dated 5th August 1935. The correspondence there was in respect of the tannahs established for the checking of permits and for the collection of fees, inter alia, in respect of fuel removed from kumakis.

3. There is undoubtedly an anomaly in the matter. Rule 7-A which embodies the latest rules in regard to kumakis does not permit the sale of fuel by kumakidars to outsiders; but such a right has all along been recognised and the establishment of the tannahs is to secure an income from, and a check upon the exercise of that right.

4. In the course of the correspondence referred to in paragraph 2 above, the District Forest Officers had pointed out this anomaly and incidentally pointed out that the arrangements about the tannahs could not be properly made under the Timber Transit Rules. The Collector while forwarding the reports of the District Forest Officers to the Conservator of Forests with his Ref. 772-B1-36, dated 6-3-1936 pointed out that though the kumaki rules do not refer to the right of sale of firewood, such a right had been recognised in Rule III of the Rules approved in G.O. No. 302, Revenue, dated 1st July 1896 and the Tannah Rules regulated that right. I enclose this office file R. Dis. 6074-34, which contains copies of the reports referred to.

5. I do not know whether the Board while passing the order in B.P. Mis. 2334, dated 13-7-1936 had this aspect of the matter referred to it by the Conservator; but the Board's order has been taken as indicating that the Board had considered the whole matter, including the aspect of anomaly referred to above, and had allowed the existing system to continue. Thus, when the District Forest Officer, South Kanara again raised the point in 1938, the Collector in his D. Dis. 1486-38, informed him that the practice of farming out the right to collect fees at the Tannahs bears the authority not of the T.T. Rules but of kumaki rules; and he cited the Board's order referred to above as authorising the continuance of the present system. This office file D. Dis. 1486-38 is also enclosed. Again, I myself noticed this anomaly when examining a reference from the Assistant Collector, Coondapoor with regard to the rights of the mulgar and mulgenidar over kumaki produce, I finally dropped the matter when my attention was drawn to this B.P. Please see this office file D. Dis. 4870-41, dated 13-8-1941 enclosed.

6. Thus the position is that the authority for the practice which recognises the right of sale of firewood (it does not extend)

to any other produce) from kumaki, rests, as mentioned in this office report, Ref. C. 772-B1-36, dated 6-3-1936, on the long standing exercise of that right, and on the fact that it was recognised in the rules of 1896 and the right has been considered as subsisting in spite of the supersession of the rules of 1896 by later rules as finally embodied in rule 7-A of the kumaki rules.

7. Having regard to the history of the matter, I consider that it would cause resentment too, if the right which has so long been enjoyed were terminated. I would, therefore, recommend its continuance.

Development Department.

Memorandum No.6087-C/42-1 dated 19th February 1942.

Sub: Trees - South Kanara - Sale of firewood from kumaki lands - Continuance of the practice.

A copy of G.O. No.(Ms.)2916 Revenue, dated 19th December 1941, is communicated to the Chief Conservator of Forests. The question of continuing this practice as a permanent measure is now under consideration. It has been suggested that it may not be advisable to do so, as it permits of unlimited commercial exploitation and is likely to result in the complete denudation of the kumaki lands. With a view to prevent such an abuse it has been suggested that it should be possible to exercise some control over the concessions by defining 'firewood' as the wood of the trees listed by the Government as such and by reducing the number of such trees in the list. The Chief Conservator is requested to offer his remarks on the suggestions and to submit if possible a list of the trees in respect of which the concession my be permitted.

S. Chakravarthi,
Under Secretary to Government.

To the Chief Conservator of Forests (with enclosure).

Received

Forest Department

From (Name) W.G.Dyson Esq., I.F.S.,

Designation Chief Conservator of Forests,

Station Coimbatore.

The Secretary to Government,
Development Department,
Stone House Hill, the Nilgiris.

Enclosures:

Ref No: 2103/42-C2 dated 23rd August 1942

Subject:- Trees- South Kanara- sale of firewood from Kumaki lands.

Reference:-Government Memorandum No.6087-C/42-1, dated the 19th February 1942.

I can see no justification for permitting the exploitation of trees of South Kanara. It is not practicable to list species which may be classed as firewood. If it is decided to proceed on the lines suggested "firewood" might be defined as the wood of any tree other than:-

1) those listed as Reserved Trees on page 110 of the Forest Manual; and

2) those listed as Classified trees on page 145 of the Forest Manual, adding to this list, under Class III the following:-

Lophopetalum wightianum
Alstonia scholaris

(P.T.o

10/12

Holigarna arnothiana
Evodia roxburghiana
Lagerstroemia flos-reginae.
Machilus macrantha
Bombax malabaricum.

This, roughly, is what the Conservator and the District Forest Officer have recommended. I do not, however, believe that there is the least likelihood of such an arrangement working in practice. With so many excluded species, the concession would be largely valueless if the restrictions could be enforced. But they could not be enforced. The revenue subordinates have not the botanical knowledge to do it, and it would be impossible to pick out cut pieces of forbidden species from a cartload of mixed firewood at the tannah stations. The restrictions would be a source of friction and an opportunity for graft without gaining the object in view.

I can see no justification for permitting the exploitation of kumaki lands for the sale of firewood in the towns of South Kanara. In my opinion the practice ought to be stopped as soon as the present extension of the privilege has expired i.e. after the war.

for Chief Conservator of Forests.

G.O.Ms No 2100 dt 19.9.42

The Board of Revenue is informed that the question of continuing permanently the practice under which the kumarikdars in the South Kanara district are allowed to sell firewood from their kumarikalands subject to the payment of tannah fees to the Tannikdars, has been deferred for the duration of the war. The question of amending the General rules under Section 26 of the Madras Forest Act will also be deferred hereafter for the present

To

The Board of Revenue

The Collector of South Kanara

Chief Conservator of Forests through Development Dept.

Revenue Department.

Trees - Dhupa - (South Kanara District) - Extraction from kumaki lands - Seigniorage fees - Revision.

Issued as Memo. No. 2247 E/41-2, dated 12-9-1941.
From the Board of Revenue, Ref. B. No. 3978/41-1, Confidential, dated 24-10-1941.

Please see (~~the notes from page 1 ante,~~) the Memo at pages (1-2) C.F. and the Board's reply at pages (3-10) C.F. In the circumstances explained by the Collector and the Board of Revenue it is for orders whether the existing practice will be allowed to continue.

2. Finance may also see.

I agree
A.R.C.W.

As the privilege of sale was recognized as long ago as 1896 by Rule III of the kumaki Rules at page 17 of G.O. No. 302, Revenue, dated 1-7-1896, it may be allowed to continue at least for the duration of the war.

I agree.
A.R.C.W.

There is a case for its permanent continuance on the lines of Rule III of the kumaki rules and Development may perhaps take up the question of amending the rules under section 26 of the Forest Act for this purpose.

A.J.P.
3-11-41.

A.R.C.W.
4-11-41.

Development Department.

The Revenue Department may be requested to send relevant extracts from this file and a copy of the orders that may be passed for taking necessary action on 'G' above. With these remarks the file may be passed on to the Finance Department.

S.C.
11-11-41.

Dev. U.O. 30465 E/41-1
11-11-1941.

Finance (Accounts).

Kumaki land is described as Government waste land within one hundred yards of assessed lands included in ~~xxx~~ wargs formed prior to fasli 1276. Such lands are peculiar to the South Kanara District.

The original rules for kumaki lands are those contained in the appendix to G.O. 302, Revenue, dated 1-7-1896 and the latest rules on the subject are rules framed under section 26 of the Madras Forest Act, 1882 (See also B.S.O. 15(40). Rule III of the original rules recognised the right of 'kumakidar to sell surplus timber, fuel and charcoal on such conditions as the Collector may from time to time prescribe as regards payment of seigniorage fee.

On the other hand Rule 7-A of the Forest Rules does not, according to the Collector of South Kanara, allow the Kumakidar to sell to merchant what he does not require himself. In practice, however, kumakidars are allowed to

-sell-

sell jungle wood trees on kumaki lands to merchants as firewood, seigniorage fees being paid thereon at the tannahs to the tannahdars.

The question was therefore taken up with the Board and the Collector of South Kanara, whether with reference to Rule 7-A of the Forest Rules, the privilege of selling to merchants fuel, etc., now enjoyed by Kumakadars should be continued.

2. The Collector in his letter on pages (5-7) 2-3 C.F., after setting out the history of the case recommends the continuance of the concession mainly on the ground that it is a privilege which has been enjoyed for a long time (1896) and that it would cause resentment if discontinued now. The Board considers it undesirable to cancel the privileges particularly under war conditions and thereby create avoidable resentment.

4. The Revenue Department consider that there is a case for the permanent continuance of the right on the lines of rule III of the kumaki rules and propose that Development should take action to amend the rules under section 26 of the Forest Act to bring them into conformity with the original kumaki rules so far as this privilege is concerned.

If the privilege is abolished, the income of the tannahdars, to whom the right of collecting fees for checking permits is auctioned, is likely to be reduced and this reduction might affect the auction sales of the tannahs.

This department may accept the proposals of Revenue. W.S.B. 20-11-41.

V.V.
19-11-41.

A rather dubious proposal which it is difficult to defend on principle!

I doubt if it should be agreed to permanently but there is a great deal to be said for not disturbing what appears to be the practice, during the war at least. The practice does not appear to be in accordance with Rule III at page 17 of (K) and more has been read into that Rule than appears to be legitimate.

W.S.B.
20-11-41.

Revenue Department.

The file deals with the practice in South Kanara District of permitting kumakidars to sell firewood from their kumaki lands subject to the payment of seigniorage fees.

The notes from page 1 may be read but the Finance note at pages (6-7) 2-3 ante summarizes the case.

All departments are agreed that the practice may continue during the war, and this may be approved. A.

The question of its permanent continuance may also be examined. With reference to Finance Secretary's note at page 7 ante) above B. it is submitted that Rule III of the kumaki rules at page 17 of G.O. No. 302, Revenue, dated 1-7-1896 seems to have contemplated sale. Please see para 22 of the Collector's letter at page 8 ibid. Finance may, perhaps, see again before circulation. (K)

Development Department.

To Under Secy.,

The file has been sent to this Department with reference to 'A' above. The question whether the existing practice under which the kumakidars sell firewood from the kumaki lands, subject to the payment of seigniorag fees in the shape of tannah fees, should be continued permanently or not, is for the Revenue Department to decide. If it is decided to continue the existing sys permanently, this Department will take up the questio

IX/

amending the General Rules under section 26 of the Madras Forest Act suitably. With these remarks the file may be returned to the Revenue Dept. u.o.

8.1.42

What is the rule which will require amendment ?

To Under Secy.,

Secy's query above:- The rule which will require amendment is rule 7-A of the General Rules under section 26 of the Madras Forest Act at pages 111-112 of the Madras Forest Manual, Vol. I.

12.1.42.

The question is whether the permanent continuance of the present system, if decided upon, will necessitate amendment of the Rules under the Forest Act. We may offer our remarks accordingly

27/1/42

F. & S.

The present System is not in accordance with rule 7-A of the Jungal rules under Section 26 of the Forest Act. If the System is to be continued permanently it is desirable to amend the rule suitably. Action to amend the rule may be taken in this Deptt. after the question of permanent continuance of the System is decided on. With these remarks the file may be sent to Rev.

Please see Rev. note on pp. 6-7 ante. The question raised is whether the ~~[illegible]~~ the practice of allowing the Kumrikdars to sell firewood from their kumaki lands subject to payment of seignorage fees (the continuance of which have been sanctioned for the period of duration of the war) should be ~~should~~ sanctioned as a permanent measure. Reference is solicited to this deptt. notes, and further notes and orders on pp. 16-19 of the above G.O.

Finance may agree to the above practice being sanctioned as a permanent measure.

7.2.42 8/Sec

9.2.42

Rev

In the absence of special knowledge of South Kanara I hesitate to express any strong opinion as regards approving a permanent measure. The 1896 rules recognized use of such fires for agricultural & domestic purposes in the

village in which the kumekidars resided or in other villages with special permission of the Collector. Use for other purposes was permitted on conditions prescribed, apparently including seniorage. A practice has grown up which seems to go beyond what was recognized in 1896 and as I noted in (R) it is doubtful if it is a sound principle as it would apparently permit almost unlimited commercial exploitation & denudation of kumeheis. It is quite possible that in their own interests kumekidars would not do anything seriously detrimental to the kumeheis and in any case that is a matter for Rev & Des Dept. As seniorage is to be stopped the proposal is not objectionable from a purely financial point of view.

1 Trees - (South Kanara) - Sale of Firewood from Kumaki lands - Continuance of the practice permanently and amendment of rules under the Madras Forest Act. Deferred for the duration of the war.

TOWS

p130 of book

p13 of book (T)

The govt ordered in G.O.No 2100 Rev dated 19-9-42, that the question of continuing permanently the practice under which the Kumaki dars in the South Kanara district, are allowed to do sell firewood from their kumaki lands subject to the payment of fauna tax to the Tahsildar and amending the general rules under section 26 of the Madras Forest Act be deferred for the duration of the war. A call book entry was made against 15.11.45. Though the war has ended, conditions have not yet returned to normal. A call book entry may
